Ilkley Coronation Cottage Hospital.

Twenty-fourth Annual Report

THE GENERAL COMMITTEE of the ILKLEY CORONATION COTTAGE HOSPITAL have pleasure in presenting their Report for the year 1928, which was the twenty-fourth year since its foundation.

The number of cases admitted during the year was 290, and 10 were remaining in Hospital from the previous year, making a total under treatment of 300. This is an increase of 22 over the previous year, and is the third highest total since the Hospital opened.

The totals in previous years were as follows :—

In	1920	...	262
,,	1921	...	266
,,	1922	...	255
,,	1923	...	328
,,	1924	...	338
,,	1925	...	293
,,	1926	...	263
,,	1927	...	278

Of admissions during 1928, 107 were males and 183 females.

The average occupation of a bed has been 12.07 days (as against 12.5 days in 1927), and the average number of beds occupied per diem 9.9 (as against 8.9 in 1927).

As in previous years, a number of the patients came in for a day only for dental operations or the removal of tonsils and adenoids. There were in the past year 105 of these cases, and after making a deduction for them, the average for the remaining patients is about 18 days each.

Owing to the increased number of females treated, there was at certain times of the year a difficulty in gaining immediate admission to the female ward. The demand is not now so great, but the whole question of accommodation will require the serious consideration of the new committee.

The cases admitted during the last two years were classified as follows :—

	1928	1927
Medical	39	54
Surgical	230	190
Dental	31	29
	<hr/> 300	<hr/> 273

Of the above patients 10 were admitted in 1928 as the result of accidents, compared with 24 in the previous year.

The number of operations carried out in the Hospital was 186 (including 31 dental cases) as against 166 (including 29 dental cases) in 1927.

Since the Hospital was opened in 1905, 4,878 cases have received treatment, 685 having been medical and 4,193 surgical and accident.

The results of the 300 cases under treatment during 1928 were as follows :—

Discharged cured	...	242
Discharged relieved	...	41
Transferred	...	3
Died	...	10
Remaining in Hospital	...	4
		<hr/>
		300

The death-rate was 3·3% compared with the previous year's figure of 2·5%. The average for a number of years is about 4%. Of the 10 deaths during the year, three occurred within 48 hours of admission.

The financial position corresponds very closely with the forecasts given in the report last year, when the Committee stated that, apart from any serious alteration in the cost of living, they anticipated that the expenditure in a normal year might be considered to have stabilised at about £1,800.

In the year under review the total expenditure was £1,855, an increase of £42 over 1927. The receipts showed an even more striking resemblance to the forecasts made last year, when the Committee said that the regular sources of income would produce about £1,300, leaving a sum of £500 to be obtained by special donations, dances and other functions, which they hoped would be received.

As against the estimate of £1,300 the actual receipts came to £1,280, and as against the estimate of £500 the actual receipts were £520.

The total receipts amount to £1,803, as against the estimate of £1,800, a reduction of £70 on the previous year, but in view of the difficult times through which the business community of the district is passing, this is a result upon which the subscribers may be congratulated.

The net result was a loss of £52 on the year's working, and no legacy or unexpected donation of any large amount was received

during the year to make up the deficiency, as has sometimes happened in previous years,

The Committee are gratified to find that the subscriptions are maintained at last year's total, being £400 as against £402, and also that the contribution from the Ilkley and District Workpeople's Fund, while a little less than last year, still remains a valuable and generous addition to the income.

The congregational collections are on the same level as last year. The details are as follows:—

	£	s.	d.
Ilkley Parish Church ...	11	14	5
„ Children's Church		19	0
St. Margaret's Church, Ilkley ...	10	0	0
Ben Rhydding Parish Church ...	5	0	0
Christ Church, Nessfield ...	2	15	8
Ilkley Congregational Church ...	2	13	11
Addingham Parish Church ..	1	0	0

The Committee warmly thank the Clergy and Congregations of the Churches who have so generously helped them.

The Hospital Flag Day eclipsed its previous successes, and produced the record sum of £118 1s. 7d. Once more the Committee wish to recognise the splendid services of the organisers and collectors of this fund.

The income received from patients is £453, a decrease of £84. The ordinary patients paid £391 against £413, and the private patients £62, against £124.

The Committee carefully examined once more the whole question of payments by patients, and have sought to emphasise that patients are asked to contribute only according to their means, and wish to state again that treatment is free to those patients who cannot afford to pay anything. Large notices to this effect have been placed in each ward, and a copy is sent out with each account.

Many gifts in kind have been gratefully received, and on Pound Day about £50 worth of groceries and provisions were brought to the Hospital, and over £25 in cash.

The sum of £105 11s. 11d. was received from the Ilkley Amateur Dramatic and Operatic Society as the result of their performance of "Miss Hook of Holland," in the King's Hall, and the Committee wish particularly to thank the officers and organisers of this society for their most generous action in devoting so large a proportion of their proceeds to our funds.

One of the outstanding events of the year was the Past Patients' Ball and Whist Drive, which was held in the King's Hall and Annexe. This was organised by three past patients of the Hospital: Mrs. Cummington, Miss Dance and Mrs. White, and was a remarkable success, so much so, in fact, that some of those who wished to attend, found it impossible to gain admittance, and a sum of £60 was returned to people who could not get in.

This was a wonderful testimony to the organising capacity of the three ladies and their numerous helpers, and also to the interest locally taken in the institution and its work by those who have been patients in the past.

The magnificent sum of £131 5s. 5d. was paid to the Hospital as a result of this successful effort.

The following special donations were received during the year, and a list of these together with other similiar donations will be issued with the annual report. The Committee warmly thank all these generous donors for their help.

Certain alterations of rules were made at a special meeting of subscribers held on July 10th, the most important of which concerned Rule 20.

The Committee felt that there was no longer any need to limit the numbers of the Hon. Consulting Staff and of the Hon. Medical Staff, and the previous restrictions were removed.

In consequence, there were elected to the Hon. Consulting Staff, with the approval of the Hon. Medical Staff, Dr. F. W. Eurich and Mr. W. Maxwell Mumby, both distinguished specialists who have added considerable strength to the Hon. Consulting Staff.

The Committee are also pleased to announce the election of Dr. Marion Greaves and Dr. Riley to the Hon. Medical Staff.

The Committee were anxious that the Medical Practitioners who practiced in Addingham should be eligible to join the Hon. Medical Staff, as from this parish patients are accepted and subscriptions and donations are given. An alteration of the rule was accordingly made, but it is a matter of regret that so far no application has been received from a Practitioner in Addingham.

Once again the Committee recognise the value of the voluntary and efficient work of the Hon Consultant and Hon. Medical Staff, and acknowledge their indebtedness to them for their invaluable services.

The Ladies' Committee have been assiduous in their efforts to promote the welfare of the Hospital, and the Matron and the Nursing Staff have been untiring in the performance of their duties, at many times under great pressure of work, and to all of them great praise is due.

The Ladies' Linen League which publishes its own report, has received many gifts during the year and has collected £37 in subscriptions. The Ladies' Committee are taking advantage of the January sales to replenish their stock of linen from the funds which they have in hand.

It is to be hoped that generous support will continue to be given to this organisation which renders such splendid service to the Hospital.

The Committee wish again to recognise the voluntary services of the lady collectors, and to them, and to all subscribers and donors, they offer their grateful thanks.

£22 12s. 3d. has been spent on towels, bed and tablelinen. The Ladies' Committee is taking advantage of the January Sales to further replenish the stock of linen, which it is enabled to do owing to the balance from the present fund.

Since its inauguration in 1920, the Ladies' Linen League has proved an invaluable help to the Hospital. It is entirely maintained by voluntary contributions, and it is therefore most desirable that the Fund should continue to receive generous support.

BEATRICE H. WADE, *President.*
